

Product Introduction

SKU: MTN-94021 is a solar product that directly converts light energy into electricity. When receiving solar light, it is not necessary to store the solar energy in the battery, but directly charge the iPad, iPhone, Android and other devices.

SPECIFICATIONS

Solar panel power	400W
Output	MC4
DC Output	MC4 36V 11.1A
Unfold size	2365*1060*25mm
Folding size	1060*625*38mm
Weight	15.4 kg
Charging Port	MC4 (4AWG Length:1300)
Open circuit voltage of solar panel	47.52V
Working voltage of solar panel	39.6V
Short-circuit current of solar panel	10.65A
Working current of solar panel	10.1A
Parameters Tolerance	-5% ~ +10%
Brand	Monocrystalline silicon
